Competition Coatings QLD warranty covers our workmanship and materials on ceramic coated parts for a period of 2 years from the date of Invoice.

Warranty covers delamination or failure of ceramic coatings applied by Competition Coatings QLD.

Warranty does not cover ceramic coated parts that have been subject to neglect, misuse, accidental or intentional damage, unauthorised repair, modification, exceeding the stated temperature limits by the Manufacturer, chemical damage or incorrect installation.

Warranty does not cover the cost of labour for removal or fitting of ceramic coated parts or any damage that may occur.

Warranty does not cover the cost of freight or shipping, downtime, removal and replacement or any other parts to refit the component. All shipping and/or freight charges will be the responsibility of the customer. Any damage or loss of parts during transport is the responsibility of the company or persons who have possession of the parts at the time of damage or loss. Any postal or transport insurance is the responsibility of the customer.

Failure to properly install and maintain Ceramic Coated products will void all warranty.

Any products for warranty claims must be returned to Competition Coatings QLD for inspection with the original Invoice.
